Latest version of TPs for tomorrow – I'm still trying to get one additional bullet from APD – but wanted you to have the latest version – thanks.

Also – this document refers to Roxul; however, as you know, the newspapers and DEP keep referring to it by its new name, Rockwool. I would suggest you follow DEP's lead tomorrow – if the permit was written for Roxul – that's one thing. But if it was approved for Rockwool – we should use Rockwool.

Thanks.
